Gading Nasution

Software Engineer | Frontend | AI | Web3
Palembang, South Sumatra, Indonesia

Summary

If you have any request to my services please contact me at
contact@gading.dev:

Experienced Software Engineer with over 5 years in remote working
and software engineering, specializing in frontend development.
Skilled in building modern, scalable applications using TypeScript,
React, Next.js, Tailwind CSS, and MySQL as core technologies.
Proficient in implementing CI/CD pipelines with GitHub Actions,
Docker, and other deployment tools.

Experienced in developing Web3 wallets, AI inference systems,
Retrieval-Augmented Generation (RAG) solutions, and integrating
LLMs, ElevenLabs, and other AI-driven features. Passionate about
developer experience, writing maintainable code, and leveraging
future-ready stacks to deliver fast, intuitive, and reliable products.
